RESPONSE REQUIRED

Dear Irina:

We have enclosed for your file a copy of the Notice to File Missing Requirements as received from the PCT Office in this case. Our response to the notice must be accompanied by the enclosed Combined Declaration and Power of Attorney, once executed.

By copy of this letter, we request each of the inventors to sign and date the Combined Declaration and Power of Attorney (blue flag). The signatures must be exactly as typed. It is not necessary to use a Notary for this document. If the inventors need to make any corrections on the document, please have them initial and date each correction.

A memorandum attached to this letter explains the purpose of the Information Disclosure Statement; it is essential that you have the inventors read this memorandum and call to our attention anything that they think might be a candidate for inclusion in the Statement. An incomplete Statement can under some circumstances result in unenforceability of the patent you hope to obtain. We have attached an Information Disclosure Statement we filed today, April 12, 2002. In view of the memo, let us know if there is anything else that we should cite.

Each of the inventors should return the executed document to us by **May 1, 2002**. If they are close to this deadline, they can send the declaration by facsimile and send the original by mail.

Very truly yours,

J. Peter Fasse
